2017 Sponsorship Opportunities

Since 1988, the Association Foundation Group (AFG) has been the only organization in the U.S. dedicated to the professional development of association fundraising and association foundation professionals. AFG provides unique networking and educational programs for professionals working for and with association foundations. Attendance for the event is anticipated to be over 150 association foundation fundraisers, from professional and trade associations, to non-profit organizations. Be a part of this unique conference and gain exposure with an influential audience.

After a personal consultation to learn more about how your company wishes to interact with the Association Foundation Group, we can create a customized proposal for your review. The goal is to establish a relationship that best meets your needs while continuing to advance the mission and goals of AFG.
